A WOMAN'S STORY.

"Miss Violet, will you give this letter to Mrs. Maltby ?"

I had my hands full of drawing materials; but I received the letter, and continued on my way to Mrs. Maltby's dressing-room.

The drawings were little studies I had made while down at the seaside, where I had spent my vacation; made for Mrs. Maltby-to whom I had been a companion for a year—and Mrs. Maltby had been interested in them, saying, "Touch them up a bit, Violet, and I will get a portfolio for them, and keep them."

I usually sat with her in her dressingroom through the morning. And thither I new repaired to touch up the drawings, while she sat with her slippered feet on the fender, embroidering with purple and strong, deep feeling, but that mono- of me. crimson wools.

I felt Mrs. Maltby start under my hands. I myself was frightened—the intruder looked so bold and reckless. He was very handsome; but he seemed was soiled, his long clustering hair unbrushed, and his eyes bloodshot. Yet his appearance was singularly attractive. I had never before seen so high-bred and graceful a man.

Mrs. Maltby did not speak to him. He seated himself before and not far from her, however.

"Go on, Violet," she said.

"Certainly; let the young lady proceed with her task," he said, quickly. "What I have to say need not interfere with her employment. Thin hair is thickened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed. But such as remain can be saved for usefulness by this application. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. Free from those deleterious substances which make some preparations dangerous, and injurious to the hair, the Vigor can only benefit but not harm it. If wanted merely for a
